PROFESSIONAL EXPERIENCE

The Vanguard Group   **Malvern, PA**
Client Relationship Associate   **February 2023 - October 2023**

- Led technical market analysis presentations by conducting in-depth analyses of stock market trends and company holdings for Vanguard and Fidelity, enhancing team decision-making capabilities for reports.
- Facilitated 20 + group huddles, which focused on technical analysis, utilizing advanced analytical tools to dissect stock market data, fostering a data-centric approach in team settings.

EDUCATION

University of Pennsylvania LPS Bootcamp   **Philadelphia, PA**
[**Full-Stack Web Development - Current GPA: 4.0**]   **November 2023 - February 2024**

West Chester University   **West Chester, PA**
[**B.A. Communication Studies - 3.90 GPA**]   **June 2021 - January 2023**

SKILLS AND TECHNICAL TOOLS

Languages: Java, MySQL, NoSQL, JavaScript, HTML, CSS, Ruby, PHP
Technologies: Git, React, Spring Boot, Bootstrap, Foundation, Express.js, Node.js, Handlebars.js

PROJECTS

Team Fortress 2 Trading Platform:

- Developed complex relationships involving numerous layering of items, users, and trade relationships that was done through MySQL Workbench; while also designing the trading platform using Handlebars and Typescript.
- Application allows users to connect with fellow steam players through SteamIDs, where players can offer, and request in-game items and create trades that can then be done on the steam platform.

GUI Banking Simulator:

- Designed and implemented user creation, depositing, withdrawal, and transfers using a Java backend and MySQL as the database.

Note Taking Application:

- Engineered a comprehensive user interface that gives the user accessibility to create, edit, save, and delete notes and reminders.
- Application developed using JavaScript, HTML, and CSS for the front-end, while utilizing JSON and Express.js for the back-end.

FINANCIAL LICENSES ACQUIRED FROM FINRA

- **Securities Industry Essentials Exam (SIE)**
- **Series 7 Exam**
- **Series 63 Exam**
